

Mukono/ Imst, June 2018

Beloved brothers and sisters, dear friends of Vision for Africa!

„Beloved father, I ask you that you give me the strength out of your great riches,
to become strong inside through Your Spirit.

And I pray that Christ lives more and more inside of my heart through faith
and that I am deeply rooted and founded in the love of God.

In that way I can understand the full measures of your love together with all believers.
And I can also know the love that Christ has for me; a love, that is greater than I will ever understand.
Through that, the riches of God will fulfill me more and more.“

After Ephesians 3:16-19

Are you surprised how bold we are allowed pray?

If you are a citizen in God's kingdom and you know about your rights according to the law (the Bible), then you can bravely pray; the father will be pleased with it, if He sees your faith and your trust in His word. God loves it, when we take HIM literally, when we live in His promises bravely and boldly.

My children in Uganda have taught me real faith. Because whenever I promised them something, they kept reminding me as long as I really did it.

In the beginning I thought that they are really annoying. It also seemed to be cheeky and I considered it as an imposition. Until I went to the Lord and complained about their behavior. He then told me frankly and clearly that they just believe what I have promised them, so they just take me literal and serious. I should be rejoicing about their „persistence in faith“ not feeling annoyed!

That has opened my eyes for true faith!

Since then I know that I do not need to be modest, concerning God. I am allowed to remind HIM for everything that HE has granted me in His word.

Become as well bold in faith to our great, almighty, all-knowingly and all-ltime-present God, for whom nothing is impossible!

KARAMOJA "SENAGER VILLAGE"

Beloved brothers, sisters and friends of Vision for Africa, we want to give all the honor to the Lord for all the blessings that flew to Uganda through the faithfulness and obedience of His beloved children.

We are sooooo grateful that the **Senager Village** in the high North in Karamoja continues rapidly and the project will most likely come into its destiny by the end of June, and will be the new home for poor, sick, blind and lame people. They are already waiting and longing for their new „residence“, in which they are going to live.

Here are a few pictures of the current state:

There will be 25 round huts, a community building with a dining hall and a kitchen for all, as well as shoers and toiletts for men and women, an Askari house (security) and also one department with a nurse and 4 hospital rooms. Also the drinking water provision should fully flow until then.

SECONDARY SCHOOL IN NAKIFUMA

The next delightful news we want to share with our wonderful friends is that the **Secondary School** for 2.000 young people in Nakifuma is „growing“ rapidly. Last week they already put the roof on the 3-story high building with 32 classrooms and many teachers rooms and conference rooms and toilets.

We were also able to buy a lot of good and fertile land, around 2km away from the school, for agriculture. This Secondary school will also have an agricultural school within and they will have to grow their own foods!

Here a few photos of the building site:

Until February 2019 we will build dormitories, teacher apartments and a kitchen with a dining hall as well. This is the first stage of the project.

Until the end of 2022 we would like to „collect“ all the students of our sponsorship programme who are still spread over 130 different Secondary schools at the moment and bring them together in our new school for 2.000 high school students. This will ease up the administration and it will boost the impact that we are allowed to have on these young people, immensely.

If you would like to help us that we can get the building done as fast as possible for the first 600 students until the beginning of the next school year in February 2019, then we ask you kindly to entrust us with an interest-free loan of however much you feel like, and with the from you yourself fixed

deadline. We can assure you that the interests that God will then pay you, no bank in the world could ever afford!

Here our address: Vision für Afrika, Intl. Sirapuit 37, 6460 Imst, AUSTRIA

Or via email: info@vision-fuer-afrika.com

We will then send you a loan-contract with all the details, and just THEN please pay it, not before! We are thanking you in advance for your freely giving heart and praying for the full blessings of God for you on all levels of your life!

APARTMENTS FOR LONG-TERM VISITORS IN VFA

HURRAY! You can **flee from the cold winter!**

We are building 8-12 small appartments with living- and bedroom, a small kitchen, shower, toilet and veranda in Kiyunga (behind the football field, very close to the swimming pool, coffeehouse Marianne and the hotel!) and trust that all houses will be finished until next winter!

You can rent one for a few months and enjoy the wonderful warm climate of Uganda. If you like, you can also help in various departments of the ministry like a volunteer, however much it brings you joy and fun! You can also enjoy the swimming pool and our beauty salon and get a massage here and then!

We guarantee you that after some weeks you will return to your old home fully renewed and refreshed!

You can already reserve with our new hotel manager Mrs. Claudia Masiga!

PLANS FOR KARAMOJA

In the high North of Uganda, in Karamoja, the work is progressing rapidly. We have now 200 children in the Kindergarten and in the following year another 100 children will come. Then we will have to start building the Primary school.

But before that we got the mission to build **dormitories** for these 300 children, because it is impossible to send the kids every evening back to their miserably poor homes. (They sleep on the plain soil ground without a bed or matrace, they are exposed to various insects and any kind of hygiene is missing generally.)

The building progress of the dormitories and the dining place below has already started and it is in the middle of construction. 80% of the amount for building has already been brought up by the Lord through brothers and sisters who obeyed God. May the Lord bless them 100-fold on all levels where they need God's blessing!

It is as well our heart's desire to build a **hospital** in this region with a maternity ward, a dental clinic, surgery rooms and normal treatment rooms. The government has already given us the land and at the moment our lawyers are on getting the land registration done. Also a very good african dentist is waiting to start serving the poor in Karamoja. He also plans to establish a mobile dental clinic to be able to go in far remote villages and be able to trat the people there with a team.

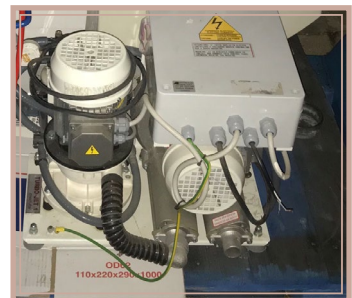

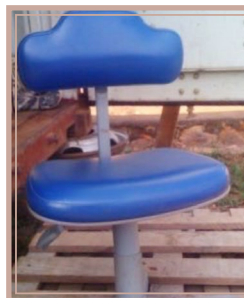

Through our dear friend Dr. Rainer Bliefert from Germany, we got the whole interior and equipment for one treatment room for the dental clinic in Karamoja for only 5.000 Euros.

We are looking for donors who got the hearts desire from the Lord to help with a donation to aquire more for this dental clinic.

You should have joy and peace about it, then it is confirmed by God!

Please write „**Dental equipment Karamoja**“ to your donation!

We tank you in advance for your giving heart which the Lord will reward richly!

GOODBYE FROM LEADING COUPLE IN KARAMOJA

With great thankfulness we look at the time that **Josef und Isolde Bitterwolf** from Ingolstadt served us with great love and commitment in the high North of Uganda, in Karamoja.

Unfortunately their Sabbatical year ends in July and they will go back to Germany.

And so we pray for good followers who have it on their heart to serve among the poorest of the poor.

For Isolde und Josef we pray for God's best for their selfless commitment and the many traces of love and effort which they will leave behind.

We will miss you very much, but we are thankful for the time that we could enjoy you in our team. You are a blessing wherever you are!

From our deepest heart we thank you and „Vergelt's Gott!“ („may God reward you“) for Your friendship and commitment and passion and willingness and readiness, to give yourself fully to God and the people of Uganda for this time.

Shalom and Shalom!
